# Carpet Cutting Machines

- ▷ Vidir carpet carousels are available for 6', 12' and 15' rolls.
- ▷ Standard machine heights from 8'-4" through to 21'-5"
- ▷ Offset motor design allows multiple machines to be bolted together. This provides maximum stability and space efficiency.
- ▷ Available in regular duty or heavy duty construction.

**Vidir Machine offers design and engineering services for special applications**

- 1.** Patented hinge arm loading system provides ease of loading by just one person.

- 2.** Continuous floor & electrical track systems provide the flexibility to service multiple carousels with a single cutting machine.

- 3.** Easy to operate push button controls. Security keypad to prevent unauthorized use.

- 4.** Carpet Dolly available to provide easy transport of carpet rolls.

**Vidir carpet carousels can be used in conjunction with a variety of carpet cutting machines. Carpet cutting machines can service single or multiple carousels using the track system option.**
